THE STATE OF NEW HAMPSHIRE
To the Inhabitants of the Town of Newmarket in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 10th day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, that is to say: To raise such sums of money as may be necessary for General Government, including town officers' salaries, town officers' expenses, election and registration and town hall; for the protection of persons and property, including the police department; for health and sanitation, including the health department, vital statistics and sewer maintenance; for highways and bridges, including state aid maintenance, sidewalks, street lighting and general expenses of the department; for education, including the public library; for charities, including the decoration of soldiers' graves; for recreation, including band concerts; for cemeteries; for interest; for new construction and improvements, including state aid and town construction; for indebtedness, payments to other Governmental Divisions, including county tax, and pay all other necessary charges arising within said Town.

Recommended by the Budget Committee.

3. To see if the Town will vote to authorize and empower the Selectmen to borrow money for necessary expenditures in anticipation of the collection of taxes.

Recommended by the Budget Committee.
4. To see if the Town will vote to allow a discount of 2 per cent on all taxes, except poll taxes, if paid within 15 days after receipt of bill.
   Recommended by the Budget Committee.

5. To see if the Town will vote to pay members of the fire department $72.00 in addition to that required by law.
   Recommended by the Budget Committee.

6. To see if the Town will vote to accept the budget as submitted by the Budget Committee.
   Recommended by the Budget Committee.

7. To see if the Town will vote to empower the Selectmen to appoint a deputy collector of taxes and to pay bond for same.
   Not recommended by Budget Committee.

8. To see if the Town will vote to omit the printing of vital statistics in the annual Town Report.
   Not recommended by Budget Committee.

9. To see if the Town of Newmarket, N. H., will accept and tar Elm Court St.
   Recommended by the Budget Committee.

10. To see if the Town will authorize the Selectmen to cut the trees at Riverside Cemetery and funds received to be used for the expansion of said cemetery.
    Recommended by the Budget Committee.

11. To see if the Town will vote to sell a parcel of land on Route 108 bordered by land of Ralph Waugh and Charles Bennett, Jr.
    Recommended by the Budget Committee.

12. To see if the Town will accept the road thus far built in Maplecrest Project and to accept any extension of said road when it is rough graded to the approval of the Selectmen.
    Recommended by the Budget Committee.
13. To see if the town will vote to allow the collector of taxes additional compensation for his services in collecting the state head tax and to fix the amount thereof at 2% of the amount collected.
   Recommended by the Budget Committee.

14. To see if the Town will vote to raise $450 for street signs.
   Recommended by the Budget Committee.

15. To see if the Town will vote to widen the road at the intersection of Granite St. and Chapel St. and to raise $1500.00 for same. Petitioned.
   Recommended by the Budget Committee.

16. To see if the Town will vote to authorize the Water Works to lay a six inch water main on Packers Falls Road starting from the pumping station to within 400 feet of the Town Line and to install hydrants wherever necessary for proper fire protection, to be paid for with funds of the Water Works.
   Recommended by the Budget Committee.

17. To see if the Town will vote to:
   (1) Complete or extend the sewer which would start at Maplecrest development entrance, going south on Main Street as per Maplecrest Plans registered at Town Clerk's.
   (2) Use the funds made available for this at the special Town Meeting, July 19, 1951.
   (3) Complete such work as soon as may be reasonable, but not later than September 1, 1953.
      Not recommended by Budget Committee.

18. To see if the Town will accept the Zoning Laws as submitted to the Zoning Committee in accordance with sections 50-71 inclusive, Chapter 51, Revised Laws of New Hampshire 1942, as amended.
   Given under our hands and seal, this 23rd day of
February in the year of our Lord nineteen hundred and fifty-three.

FREDERICK LAFRAMBOISE,
ARTHUR R. BEAUCHESNE,
NICHOLAS ZUK,
Selectmen of Newmarket, N. H.

A true copy of Warrant—Attest:
FREDERICK LAFRAMBOISE,
ARTHUR R. BEAUCHESNE,
NICHOLAS ZUK,
Selectmen of Newmarket, N. H.

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned, by posting up an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at the Post Office being a public place in said Town, on the 23rd day of February, 1953.

ANNUAL REPORTS

of the

NEWMARKET SCHOOL DISTRICT

by the

Treasurer, Clerk, Superintendent, Headmaster,
Home Economics Department, Commerce Department,
Music Department, and School Nurse

For the Year

July 1, 1951 to June 30, 1952
OFFICERS OF SCHOOL DISTRICT

School Board

JOHN POHOPEK, Term expires 1953
KATHRYN RODRIGUES, Clerk Term expires 1954
JOHN JORDAN, Chairman Term expires 1955

Superintendent of Schools

LOUIS L. RAMSEY, M. Ed

Treasurer of School District

THURMAN A. PRIEST

Auditors

PERCY B. LARRABEE JUNE SAWYER

Moderator

ROBERT SHAW

Clerk

THURMAN A. PRIEST

Truant Officer

WILBUR SHARPLES

School Nurse

MYRTLE FLETCHER
SCHOOL WARRANT

To the Inhabitants of the School District in the town of Newmarket qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 24th day of March, 1953, at eight o’clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other
income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

9. To see if the district will vote to construct and equip a gymnasium-auditorium addition to the present high school building, and to make the necessary alterations and renovations, including toilet and locker-room facilities to the present high school building.

10. If Article No. 9 is adopted to see if the district will vote to appropriate a sum not to exceed $75,000 for the construction and equipment of a gymnasium-auditorium addition to the present high school building and to make the necessary alterations and renovations, including toilet and locker-room facilities to the present high school building, and whether the district will vote to raise such sum through the issuance of serial bonds under and in accordance with the provisions of Chapter 72 of the Revised Laws and any amendments thereto, for all or any portion of the sum so appropriated; and to authorize the School Board to determine the time and place of payment and rate of interest on said bonds and to take whatever action as may be necessary to the issuance thereof.

Not recommended by budget committee.

11. To see if the District will vote to elect a building committee consisting of five persons, to be elected by the people to advise with the school board in the supervision of the construction of said addition providing that the plans and specifications shall finally be approved by the school board acting alone as required by law, and to further authorize the school board to execute any and all contracts or agreements necessary in connection with the construction, equipping, alter-
ations and renovations of said addition as provided in Article No. 9.

Not recommended by budget committee.

12. To see if the school district will vote to elect its officers by an official ballot and to adopt the non partisan system as provided in Sections 112-120 of Chapter 34 of the Revised Laws for such election.

13. To transact any other business which may legally come before this meeting.

Given under our hands at said Newmarket this 26th day of February, 1953.

JOHN R. POHOPEK,
KATHRYN G. RODRIGUES,
JOHN L. JORDAN,
School Board.

A true copy of Warrant—Attest:

JOHN R. POHOPEK,
KATHRYN G. RODRIGUES,
JOHN L. JORDAN,
School Board.

THURMAN A. PRIEST,
School District Treasurer.

AUDITORS' CERTIFICATE
This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Newmarket, of which the above is a true summary for the fiscal year ending June 30, 1952, and find them correct in all respects.

PERCY B. LARRABEE,
L. O. TROTTIER,
Auditors.

RETURN OF DISTRICT REVENUE, 1952

Expenditures
Current expenditures $73,563.40
Debt and interest 5,784.63
Special appropriations
   Improvements, ball field 200.00
New equipment, high school $600.00
New equipment, elementary lights $600.00

Total appropriation (including appropriations voted at special meetings) $80,748.03

Receipts
Federal aid (estimate) $4,650.00
Tuition (estimate) 5,500.00
Assessment required to meet school district appropriation 70,589.03

Total appropriation $80,748.03

CERTIFICATES
I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Newmarket School District, held March 12, 1952.

THURMAN A. PRIEST,
Clerk of School District.

June 10, 1952

To the State Board of Education:
I certify that the above is a correct statement of the financial proceedings of the district for the school year 1952-53, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board in accordance with N. H. Laws of 1951, Chapter 37, Section 2.

JOHN R. POHOPEK,
Chairman of the School Board.

Clerk of the Board.

PRINCIPAL'S ANNUAL REPORT

To the School Board and Citizens of Newmarket:

It is with pleasure that I submit to you my third annual report as principal of Newmarket High School.

TEACHERS

On the opening day, September 3, 1952, your sons and daughters found that once again there was another change of teachers. This year we replaced five—as we did the year before. Mr. Lewis Crocker, Boston University, replaced Mr. Robert Bouchard as music supervisor. Mr. Fred Farley, Keene Teachers College, replaced Mr. William Marcoux as shop in-
structor. Mr. Charles Boska, Keene Teachers College, replaced Mr. Charles Beattie as science instructor. All three of the above named men resigned to accept better positions elsewhere. Miss Claire Kuninski, Salem Teachers College, replaced Mrs. Sakowski as commercial teacher, who resigned to be with her family. Miss Phyllis Neville, Rivier College, replaced a succession of three home economics teachers hired last year, two of whom were on a substitute basis.

This continual change is not beneficial, in most cases. We are very fortunate, however, that the new teachers have fitted into our program very well.

CURRICULUM

During the past years several changes have been made in the program of studies with the result that your school now better serves the needs of the community. Let us not forget, however, that there is still much to do.

In addition to the regular program in college preparation, commercial training, home economics, and general education, we now have a two year woodworking program which includes all senior high school grades. While this shop program is a step forward, much can be done to improve it.

THE INDUSTRIAL ARTS PROGRAM

In 1949, after lying idle or being used as a storeroom for many years, the manual training room was put to proper use. At that time, Mr. Marcoux was instructed to re-equip the shop and set up a woodworking program, of hand tools, for the boys in grades seven and eight.

This program was continued and expanded in 1950. A power jig saw was purchased in addition to more specialized hand tools. The progress made by the boys taking part was indeed gratifying.

During the late winter of 1951 you, along with
the Finance Board and voters, approved a vastly expanded shop program which, for the first time, would give the boys in grades nine and ten a chance to develop woodworking skills. You authorized the purchase of many power tools: circular saw, grinder, band saw, shaper, jointer, and drill press. In addition you also increased the high school staff by one, thus allowing Mr. Marcoux to become a full time shop instructor.

In 1952 much of the above was repeated. We purchased a new surfacer and a new lathe. Mr. Farley replaced Mr. Marcoux as shop instructor. A reorganizing of program made it possible to extend the shop program to include grades eleven and twelve. Now, for the first time, your high school has a well organized woodworking program for all boys, so interested, from grades seven through twelve.

At the present there are seventy-six different boys taking shop every day in your high school. Many will follow an industrial crafts, others are developing skills which will serve them well in adult life.

Our present mode of operation is simply this: hand tool training is compulsory for all boys in grades seven and eight; power machine training is on a voluntary basis for boys in the senior high school. The shop program for the latter group consists of two years in general woodworking.

At the close of this school year there will be a substantial number of boys who have completed two years of shop, and thus when they return in the fall they must return to the usual subject courses.

If this happens, much of the ground work for a non-academic type of education will have been lost. This should not happen, and it will not, if you take the same position on the extension of the shop program to include metal turning and fabrication as you did in regard to our woodworking program.
It is my hope, and that of the rest of the staff, that you will make it possible to make a metal shop part of our industrial arts curriculum. A metal shop, as woodworking, cannot be completely organized in one year, but a building policy to cover several years will enable Newmarket High School to continue educating in basic craft fundamentals.

After considerable discussion with our own shop instructor and instructors from other schools, the following program for the equipping of metal shop is offered for your consideration.

1. There is room available for a metal shop in our present set up.

2. Sectioning off a part of our wood shop with waist high partitions will be done by our wood-working students.

3. The below mentioned machines and equipment should be made available the first year for proper progress.

   A. Two thread cutting bench lathes and accessories.
   B. One bench shaper and accessories.
   C. Other small tools, vises, etc.
   D. Steel stock for fabrication.

Beyond the development of skill in machine work, such a program will enable our shop department to make some of its smaller hand tools: screw drivers, hammers, nail sets, clamps, center punches, etc.

I certainly hope that you will give this matter your utmost thought and consideration.

ATHLETICS

Our athletic and physical education program remains the same. In the latter respect we have no physical education program for grades nine through twelve. Grades seven and eight have an organized physical education and health program.

Mr. Landroche is coaching all boys’ athletics. The
girls' coaching will be done by Miss Kuninski in basketball and Miss Neville in softball.

A review of last year's basketball program shows that we had a successful season. We went as far as the play-offs in the State Class B Tournament — where we lost to a strong Milford High School team.

Our baseball season was not a success. Several factors brought this about; namely lack of good material and scheduling difficulties because of weather.

Our 1952 Cross Country Team was fortunate in winning all its meets, including the State Championship meet, at which we won the Class B title.

As Class B winners we were entitled to participate in the New England Cross Country Meet in Providence, Rhode Island. Thanks to the kindness of the citizens of Newmarket, we sent our team to the meet. Although we did not place in the first three — we did take eighth place out of seventeen. It must be remembered, however, that Newmarket High School was by far the smallest entry.

EXTRA CURRICULAR

Our extra curricular program is well balanced and serves many interests. Pupils working together on class functions, plays, dances, etc., learn cooperation and develop initiative and responsibility. Once again our yearbook placed third in the Columbia Interscholastic Press competition for 1952.

BUILDING

The time has come when I believe that a long term comprehensive building maintenance program must be adopted. Every year there are more things wearing out. Unless steps are taken to keep repairs up to a high level and replace worn out and obsolete equipment on a planned basis, the time will come when many things, of great expense, will have to be replaced all at once. In preparation for such a program, Mr. Ram-
say and myself have made a survey of the building and its equipment. The report will be made available to you for your consideration.

**ADULT EDUCATION**

Newmarket should consider setting up an adult education program. We have the necessary instructors and equipment to begin such a program — almost at once. Adult education courses, for the most part, are self-sustaining and therefore add very little, if any, to school costs.

Courses in typing, sewing and manual training can be organized upon public demand.

Certainly such a program would be beneficial to Newmarket adults and would be another forward step in Newmarket’s progress.

**THANKS**

Once again I wish to reiterate that the successful operation of any school depends upon the degree of cooperation which exists among all groups involved — teachers, pupils, superintendent, Board of Education, and the town’s people. I am happy to report that once again cooperation is on a high level, for which I am most thankful.

R. H. AVERY,
Principal.

**SUPERINTENDENT’S ANNUAL REPORT**

To the School Board and Citizens of Newmarket:

It is a pleasure for me to submit my third annual report as your Superintendent.

It is always gratifying to a Superintendent to see that the School Board and citizens of his school district are not content to rest upon their laurels. Newmarket has had good schools in the past, but your school board is doing its best to insure even better schools in the future. The effectiveness of any school
system is dependent upon the amount of money its citizens are willing to vote for that system. The attitude of the people of Newmarket is a fine indication of how you feel about your schools.

The two new courses in Shop and Physical Shop have been very popular and fill a definite need in the overall program. The addition of a new planer to the shop program has increased the effectiveness of that program materially and gives us a well equipped woodworking shop. To complete the shop program and develop it into a full four year course, there are certain requirements that should be met this year. Three metal working machines should be added to the shop for next year. It has been recommended that by the addition of two metal turning speed lathes and a seven inch shaper, the shop would be well equipped to handle a comprehensive four year shop program: two years of high school woodworking and two years of metal work. Such a program would add materially toward the training for opportunities offered in Newmarket factories. The total cost of machines, tools and materials would be approximately $2,000.00. This is a very reasonable amount when measured in terms of educational opportunities for Newmarket’s young people.

TEACHERS

Miss Claire Kuninski, Salem Teachers College, 1952, to replace Mrs. Mary Rheault, who resigned to remain at home. Miss Kuninski teaches all Commercial subjects and coaches girls’ sports.

Miss Phyllis Neville, Rwiar College, 52, to replace Mrs. Howard Jackson who resigned to remain at home. Miss Neville teaches Home Economics and will coach girls’ softball.

Mrs. Frances Nesbitt, P. T. C., to replace Miss Mary Mack, who resigned to accept a position in Goffstown, N. H. Mrs. Nesbitt teaches grade 2 in the Central
School.

Mr. John Scanlan, U. N. H. 1946, as Director of Guidance for the Supervisory Union. Mr. Scanlan has a special degree in guidance from Boston University with teaching experience in the Barre, Mass., high school.

Mrs. Jeannette Hendzel to replace Mrs. Gloria Gandron, who resigned in October to move to Springfield, Mass., where her husband was newly employed. Mrs. Henzel teaches grade six in the Stone School.

Mr. Charles Boska, K. T. C., '50, to replace Charles Beattie, who resigned to accept a position in Manchester, Conn. Mr. Boska, with teaching experience in Sutton, N. H., and Caribou, Maine, teaches Science and Social Studies.

Mr. Lewis Crocker, Boston University, '52, to replace Robert Bouchard, who resigned to accept a position in New York State. Mr. Crocker is Music Supervisor for the Elementary and High Schools.

Mr. Fred Farley, K. T. C, '52, to replace William Marcoux, who resigned to accept a shop position in Nashua. Mr. Farley is very well qualified to set up a four year shop program in the high school.

TESTING PROGRAM

The testing program for grades 4, 6, 8, 10, 12 has been carried out this year under the supervision of Guidance Director John Scanlan. This program should increase in value now that we have a man scientifically trained to interpret the full significance of each test in the light of the child.

GUIDANCE

The value of the testing program must be measured in terms of proper counseling and guidance as far as test results are concerned. Guidance Director John Scanlan's report follows, so I will only say here that our program under his direction has made a very en-
encouraging start. I feel very strongly that as the program unfolds, you will be certain that the appointment of a Guidance Director was another important step in the educational advantages you are offering your young people.

REPAIRS AND REPLACEMENTS

I am happy to see that your school board is starting out on a definite plan for the maintenance and improvements of school property.

By putting a new section in the high school boiler, they were able to prevent the probable closing down of the school during cold winter weather for boiler repairs. This was a good example of the old saying "An ounce of prevention is worth a pound of cure." The new lighting in the Central School has been completed and is a wonderful improvement.

Present plans are to improve the lighting in the typing room and to start on a rotating plan of painting the classrooms in the high school. The physical appearance of your buildings speaks well of the pride you all have in your schools. Dennie and Rusty deserve a hand for the pride they take in doing their jobs so well.

HOT LUNCHES

Under the guidance of the P. T. A. executive committee with Mrs. Isabel Dearborn as chairman and Mrs. Shanda as cook, the hot lunch program is better than ever. The rearrangement of the kitchen has not only made it more efficient but has also given added working space. That the children of Newmarket are enjoying the meals is evident in the large number that are served each week.

In closing, I wish to once again congratulate the school board and citizens upon the support of your schools, and to thank the School Board, teachers and
pupils for their fine cooperative spirit. It has been a pleasure working with you.

Respectfully submitted,

LOUIS L. RAMSEY,
Superintendent.

PROPOSED SCHOOL CALENDAR
1953-54

Schools open Wednesday, September 9
Schools close Friday, June 18
Schools in Session:

   December 22nd
   Good Friday

GUIDANCE DIRECTOR’S REPORT

To the Superintendent of Schools, Members of the School Board and Citizens of Newmarket:

It gives me great pleasure to present my first annual report as Director of Guidance.

In these first few months a good start has been made in laying the foundation for a high grade pro-
gram of guidance services for the pupils in grades one through twelve. Under the supervision of Mr. Ramsay and working with the help and advice of Mr. Radasch, New Hampshire State Director of Guidance, the University of New Hampshire Guidance Department, and the Boston University Guidance Department; short term and long term objectives for the program were formulated.

A survey was made during the first week in September during which time all teachers in all grades were seen and asked in what way the guidance program could best meet the needs of their pupils. After this information was tabulated and analyzed we set up our objectives.

The first objective for these early months was to set up an individual inventory for each pupil in the 8th and 12th grades. These pupils are faced with an immediate and important choice in their planning for a career, and more than any grade these pupils need guidance immediately. An individual inventory is an inventory of the pupil’s assets and liabilities in the physical, mental, social, emotional, and spiritual areas of life. Over the years, this will be a record of his or her growth in these areas as well as a very specific analytical record of his growth in the educational skills. An important part of the inventory is the results of the University of New Hampshire battery of tests covering ability, interests, aptitude, and personality. This first objective has been accomplished.

Using the inventory as a basis we are now in the process of counseling and guiding these 8th and 12th grade students in their next important step, for the 8th grade students their choice of an occupation for which they will start preparing in their four years of high school work, for the 12th grade pupils, about to be graduated, their choice of an occupation, further
training for a trade or semi-professional field or college.

In the process of carrying through this part of the program, 39 visits have been made to the schools. Each of the seniors in high school has been counseled individually at least twice and each of the 8th grade students has been counseled at least once. Each of these students will be counseled individually at least twice more before June, or as many more times as is necessary in order that it is as certain as we can make it that he or she is making the proper choice.

It is necessary that these pupils should know what they can expect in their chosen occupation as far as the kind and amount of training necessary, personal requirements, aptitudes, special abilities required, salary, opportunities for advancement, etc., is concerned. This information will be given them.

For the high school, a bulletin board has been in operation for some four and a half months during which time posters, which are changed each week, have been displayed giving information about approximately 400 different careers. An occupational information file is being set up. At the present time information on approximately 1100 different jobs is available. This file will be expanded to cover every possible need. We will make use, too, of the facilities of the State Library in Concord, through the cooperation of the Newmarket Library.

With the cooperation of the teachers, the University of New Hampshire tests have been given. These standardized tests compare our pupils with thousands of other pupils in the same grade in the United States.

Twenty-seven 8th grade students, thirty-two 10th grade students and twenty-five 12th grade students were tested on twenty-one different attributes of personality. These tests are of immeasurable value in guiding students into the proper educational and voca-
tional fields. Twenty-six 4th grade pupils and fifteen 6th grade pupils were tested on ten attributes of personality and growth in twenty-six educational skills. The attributes scores are valuable in diagnosing for the guidance of these pupils and the growth in education skills scores are of great value in aiding the teacher to see those skills in which the pupil needs more help. Two individual tests were given to pupils upon whom certain specific information was needed so that factors which were slowing down their progress might be brought to light and rectified.

A chart is being set up which will show the types of job opportunities in the Newmarket area, the immediate vicinity of Newmarket, Exeter, Dover, etc., the not-too-distant areas, Portsmouth, Somersworth, etc., the distant areas, of the state and other states. Placement services will be available to those 12th grade students who are going into the labor market. They will have, too, training in the proper method of applying for a job. I might add that for these students' benefit, we are working with the United States Employment Service and nine of the pupils were given U. S. E. S. tests. Before the year is completed the 8th and 12th grade students will be given a short, intensive course in "Choosing a Career." In other words, they will be given every possible aid so that they will be placed in the position for which their abilities, aptitudes, and personality fit them.

A follow-up study of our graduates and drop-outs will be made in order to evaluate the success of our school training and the guidance program. When the 8th and 12th grade students have been properly served by the guidance program an individual inventory will be set up for each pupil in each grade, starting with the first. This inventory will follow the child from grade to grade. At present our testing program starts
in at the 4th grade. We would like to extend this down to the first grade.

A very important part of any guidance program is the help which a counselor can give to those pupils who are not adjusting well to the school and who are not making the progress of which they are capable. Through tests and counseling interviews, it is very often possible to find the reasons for the pupil's poor progress and to help him, or her, so that they may be happier in school and able to take advantage of its benefits. The success other guidance programs have had in this particular area have been quite remarkable. Six Newmarket students are being helped in this way.

An adult education course in the training of children and the proper handling of their problems has been given in February and another will follow in the spring, if there is a call. When school closes in June, the facilities of the guidance office will be available to out-of-school members of the community. It is hoped that many adults will take advantage of its testing, counseling, and consultation services.

I feel that we have made an excellent start and look forward to great accomplishments in the remainder of this and next year.

Respectfully submitted,

JOHN A. SCANLAN,
Director of Guidance.

REPORT OF MUSIC SUPERVISOR

The music education program in the public schools of Newmarket is developing slowly to the type of program that will be most effective for our community. A slow and deliberate progress has been purposely planned in order that caution may be taken with each step. Each step of instruction must be adapted to the
previous training of the student.

Much of the instruction in the first four grades has been in music reading. It is with this plan that the calibre of musical performance of these children will be improved so that the high school organizations will be much improved as these children enter into them. It is therefore necessary to make the most effective music education program a long term project. The elementary grades receive about twenty per cent of the class-room time devoted to music appreciation. During this time the children are taught the various forms of music, the instruments of the orchestra and band, their uses, and briefly the life and compositions of the masters.

The seventh and eighth grade receive forty minutes of instruction per week. This instruction is divided into singing and music appreciation. Some part singing is done but much of this can only be accomplished by rote teaching, which is of little value. A junior high school glee club was organized this year. This group meets after school hours once a week. No public performances were given by this group during their first year, but it is anticipated that at least one may be given during the coming school year.

The high school music program is on a student elective basis. With a boys’ glee club, girls’ glee club and an instrumental group now organized in the school, each student who has the interest may join and participate in any of these groups. The response to both the boys’ and girls’ glee club was very satisfactory. Fifty-five girls came to the first meeting of the girls’ group, and thirty-nine boys make up the boys’ glee club. The instrumental group is limited to those who can perform with average ability on a band instrument. This group, therefore, is quite small, as there are very few instrumentalists in the high school.

The girls’ glee club meets at least twice a week for
thirty minute rehearsals. The group has made several public appearances this year and has been a credit to our high school. The girls appeared for the first time this year during the Parents' Night program, at a Parent-Teachers' Association party, at the annual high Christmas assembly, and they are expected to do an outstanding performance at the graduation exercises this coming spring.

The boys' glee club meets once a week for one thirty minute rehearsal. Most of the songs learned are accomplished by rote instruction, as most of the boys are unable to read music. This group has made one public performance this year.

The Newmarket High School Music Club was organized this year and has a great deal of success. The purpose of the club is to promote musical organizations within the school and to enrich the musical experience of every student in the high school. The group sponsors two music assemblies, bringing outside musical organizations to perform here. A trip to the Boston Pops Concerts is planned for the spring. Many other projects have been proposed by the students, one of which is the composition of an official high school song.

A music history and theory class was organized and had a successful first year. This class is open to juniors and seniors of the high school. At this time no credit is given for this class, but it is hoped that this and other classes dealing with music and the arts will become a regular part of our high school curriculum in the near future. In this class, the compositions of the masters are analyzed and discussed. The background of the composer is covered, and the theory of harmony is instructed.

The instrumental program in the public schools of Newmarket has shown a satisfactory amount of progress for its size. Instruction is given to all students
of grades four through twelve who are able to rent one of the band instruments for their own use. It is believed that this program would be of much larger proportions if it were not for the financial burden placed upon the students and their parents who are forced to rent instruments. Each student receives between one hour and an hour and a half of instruction per week. All those who have been taking these lessons have shown a great deal of progress. This type of an instrumental program will grow slowly, but surely. Many of the children who are receiving instruction in grades four and five will enter the high school qualified to play in a band. This band will grow as the instrumental students enter the high school. A small instrumental group is now organized in the high school. This group of made up of students who have studied during previous years, and can read music well enough to play band music of various types.

The fruit of this music education program cannot be realized immediately. Time and proper solution is the only solution. Not until the instrumental program gets a firm foothold in the schools will a school band be realized, and not until those children who are now receiving training in music reading enter high school and become part of a better vocal group, will the vocal program be outstanding.

To the School Board and Citizens of Newmarket:

Schools in Newmarket have had a very healthy year. There has been a big improvement in dental and oral hygiene.

Many children, both elementary and high school, have had dental work completed, and many are having work done at the present time.

A dental clinic, sponsored by the Newmarket PTA was started Friday, January 30, 1953. Children at
the Central School grades two and three are having X-rays. This is to check the amount of work to be done. Some corrective work will be done by Dr. Forbes Gitchell, every Friday evening at his office. I hope this is a start toward a permanent dental clinic. I should like to include in this the children of the first six grades in our elementary schools.

The Hot Lunch program is being carried on again this year. The number of children taking the lunch has increased over last year, which is an indication of the fine meals being served. I hope parents will cooperate more with the program by coming to help. Your help is needed!

We had two Pre School Round Up Clinics in May, 1951. Children were given physical examinations by Dr. Brown. The St. Mary's School Clinic had twenty-one and the Central School had twenty-eight.

Five children have been taken to various clinics during this year. Nine children have received glasses.

Again, thanks to the School Board, Teachers, Sisters of St. Mary's, P. T. A. and all other organization. Also my appreciation to Dr. Brown for the fine cooperation shown me.

MYRTLE V. FLETCHER,
School Nurse.

STATISTICAL DATA
Newmarket Public Schools, 1951-1952

Number pupils enrolled:

- Elementary: 149
- High: 128
- Jr. High: 67

Average membership:

- Elementary: 138.11
- High: 123.02
- Jr. High: 63.47

Average per cent attendance (total): 93.09
Number tuition pupils:
  Elementary  20
  High  18
Number of eighth grade graduates  28
Number high school graduates  22
Visits by superintendent  262
Visits by nurse  316
Visits by others  154

The following pupils had perfect attendance records for the school year 1951-52:

Griswold, Ronald A.
Nutting, Ralph
Walker, Carol
Canney, Barbara
